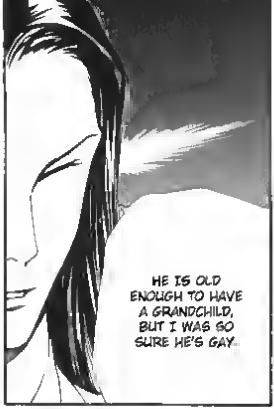
AFTER ALL, I'M CHANCELLOR TEIOU'S GRANDDAUGHTER.
CHAPTER 56: THE SPY'S AIM

THAT MUST BE SHOCKING.
GR-GRAND-DAUGHTER ....!
OH WHAT, SENA AND AYAME ARE ALSO HERE?
WELL, MOST PEOPLE PULL BACK ONCE I TELL THEM THE TRUTH, BUT HIDING IT IS ALSO PRETTY POINTLESS..
YES
ALSO? YOU MEAN, YOU KNOW DR. MANAKA?
HI, DR. MANAKA

AND WE'VE BEEN GETTING ALONG WELL EVER SINCE
I WORKED WITH HER ONCE IN A TRANSPLANT SURGERY
SOMETHING WRONG WITH THAT?
THAT'S SURPRI-SING
I NEVER KNEW THAT THE CHANCEL-LOR HAS A GRAND-CHILD



HE IS OLD ENOUGH TO HAVE A GRANDCHILD, BUT I WAS SO SURE HE'S GAY.

I DIDN'T
WHAT, YOU ALSO DIDN'T KNOW?

YOU'RE RIGHT.
She is his grandaughter after all...
BUT THIS INFORMATION HAS CONFIRMED THAT SHE'S THE SPY.

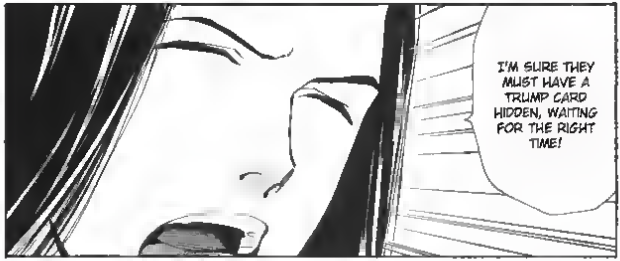
WHATEVER.
TURNS OUT, HE'S BI...

WOW... THAT'S UNEXPECTED
HE SAID HE WAS SURPRISED THAT OUR HOSPITAL ALLOWS TRANSPLANTATION FROM BRAINDEAD PATIENTS...
NEVER KNEW THIS HOSPITAL ALLOWED TRANSPLANTS FROM BRAIN-DEAD DONORS.
HUH?
THERE ARE ONLY APPROXIMATELY 10 HOSPITALS NATIONWIDE THAT HAVE PERMISSION FOR THIS. ESPECIALLY FROM BRAINDEAD PATIENTS.

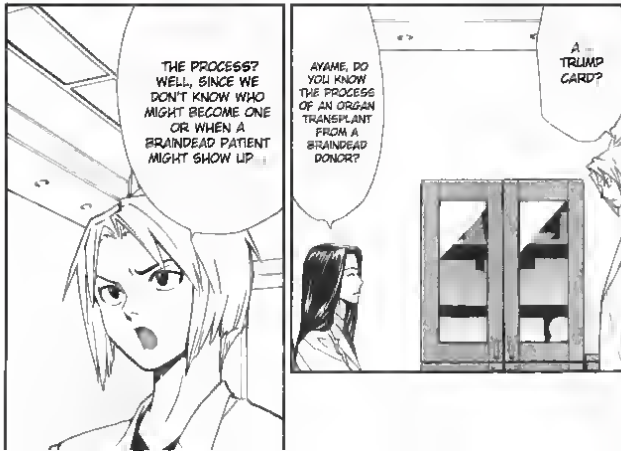
YEP.
AND FROM YOUR STORY, IT SEEMS THAT THE INFORMATION SOURCE WAS DR. KOUSHIMA...

I SEE. I SEE NOW!
HMM
HE MUST HAVE BEEN LYING TO US
BUT DON'T YOU FIND IT STRANGE CONSIDERING HE HAS A FRIEND THAT DOES TRANSPLANT SURGERIES?
YEAH
DR. SAIJOU IS PREPARING FOR A BRAINDEAD DONOR TRANSPLANT SURGERY, ISN'T HE?
NOW I KNOW WHAT THE CHANCELLOR'S AIMING FOR.
I THINK, MOST LIKELY, THE CHANCELLOR PLANS TO INTERFERE WITH THAT SURGERY BY USING HIS GRANDDAUGHTER AND DR. KOUSHIMA!
THAT'S IT!
I REMEMBER HE TOLD ME THAT...

WH-WHAT?!
THINK ABOUT IT,
AFTER I EXPOSED THAT MUCH IN THE MAGAZINE, TEIOU HAS BEEN PRETTY QUIET ABOUT IT



I'M SURE THEY MUST HAVE A TRUMP CARD HIDDEN, WAITING FOR THE RIGHT TIME!



A TRUMP CARD?
AYAME, DO YOU KNOW THE PROCESS OF AN ORGAN TRANSPLANT FROM A BRAINDEAD DONOR?
THE PROCESS? WELL, SINCE WE DON'T KNOW WHO MIGHT BECOME ONE OR WHEN A BRAINDEAD PATIENT MIGHT SHOW UP

FIRSTLY, ONCE THE TRANSPLANT SURGERY DEPART-MENT GETS INFORMATION ON A BRAINDEAD DONOR, THEY'LL HEAD THERE...
COLLECT THE ORGAN, THEN WE DO THE TRANSPLANT SURGERY HERE THAT'S ROUGHLY HOW IT GOES...
1 TRANSPLANT SURGERY DEPARTMENT RECEIVES INFORMATION ON A BRAINDEAD DONOR.
2 HEAD TO THE RELEVANT HOSPITAL.
3 COLLECT ORGAN FROM BRAINDEAD PATIENT.
4 HEAD BACK WITH THE ORGAN IN HAND.
5 PERFORM TRANSPLANT SURGERY.

EXACTLY.
IF THEY DO SOMETHING TO THE ORGAN ON THEIR JOURNEY BACK HERE, THERE ARE COUNTLESS WAYS THE SURGERY COULD GO WRONG.

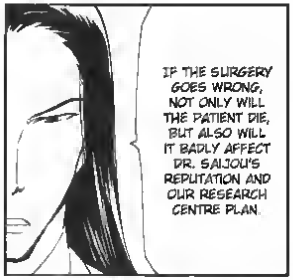
I KNOW!

AYAME, THIS IS VERY RISKY.

I'M SAIJOU
Ah hello Dr Saijou
RING RING RING
BEFORE A BRAINDEAD DONOR SHOWS UP, WE NEED TO DROP DR. MANAKA OUT FROM THE SURGERY TEAM.
Ah Mr Associate Director?
YES, KIRYUU SPEAK -ING
A BRAINDEAD DONOR HAS JUST SHOWED UP AND OUR TRANSPLANT SURGERY TEAM IS HEADING THERE
YES, HE'S HERE
Is Ayame there now?
Please relay this to him
WHY?

OH, NO!
Our team needs to ready ourselves, too.
CLICK...
GOT IT. I'LL TELL HIM THAT.
WE'RE TOO LATE!
WE CAN ONLY TRY TO PREVENT WHATEVER INTERFERENCE THEY MIGHT TRY SO THE SURGERY ENDS SAFELY
WHAT DO WE DO NOW?
YES, IT HAPPENED
HEY, DON'T TELL ME
TSK
A BRAINDEAD DONOR APPEARED AND THE TRANSPLANT TEAM HAS HEADED OUT FOR IT.

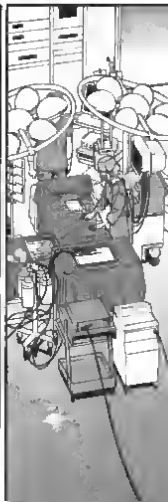
WE MUST DO WHATEVER WE CAN TO MAKE THIS SURGERY A SUCCESS!



IF THE SURGERY GOES WRONG, NOT ONLY WILL THE PATIENT DIE, BUT ALSO WILL IT BADLY AFFECT DR. SAIJOU'S REPUTATION AND OUR RESEARCH CENTRE PLAN.

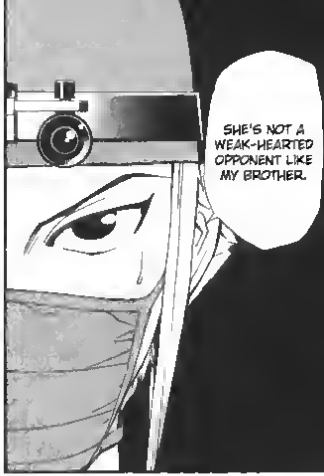
DR. AYAME
HEY, WHERE'S MIKOTO?

DR. SAIJOU ISN'T HERE YET.



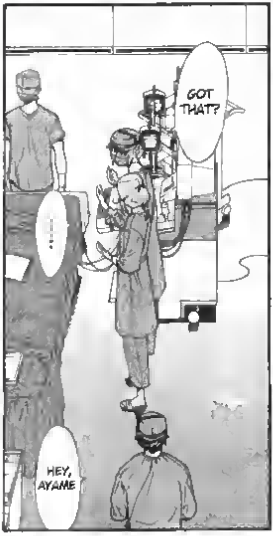
ONE LITTLE MISTAKE, AND IT MIGHT BE TOO LATE!
LATE?
WE CAN'T DO THAT.
THE TRANS-PLANT TEAM HAS INDEED BEEN GONE FOR SOME TIME...
BUT COLLEC-TING AND TRANS-PORTING THE ORGAN WILL TAKE LONGER. THERE'S NO NEED TO RUSH.
NOW, SENA. LISTEN WELL...
THEY CAN'T BE GOING THAT FAR...
ARE YOU SURE?
TRICKS ON THE LIVER?!
WE'RE TALKING ABOUT CHANCEL-LOR TEIOU'S GRAND-CHILD HERE.

HEY!
B-BUT...



SHE'S NOT A WEAK-HEARTED OPPONENT LIKE MY BROTHER.

THIS CONCERNS A HUMAN'S LIFE.



GOT THAT?
HEY, AYAME

UH...
WE HAVE TO BE CAUTIOUS OF EVERY POSSIBILITY.

WHATEVER HAPPENS TODAY, WE NEED TO ACT WITH THOSE BORNE IN MIND.

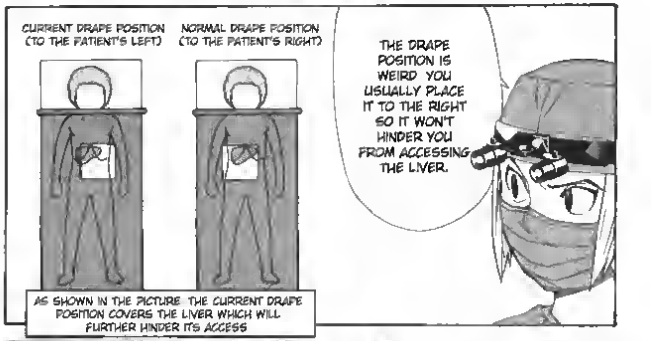
I-IF YOU SAY SO...
NOW, EVEN IF THE LIVER IS CLEAN, THERE ARE OTHER TRAPS THEY MIGHT HAVE SET FOR US

ACTUALLY, THERE'S SOMETHING I'D LIKE TO TELL YOU...
MIKOTO I'VE BEEN LOOKING FOR YOU!
YOU'RE EARLY
GLANCE...
MIYABI !!
FOR NOW, IT SEEMS THAT MIYABI'S NOT IN THE TEAM.
LET ME INTRO-DUCE THEM.
OH, AYAME! YOU'RE ALREADY HERE.
LISTEN AND DON'T LET THIS SHOCK YOU.
AND I THINK IT'S BETTER FOR MIKOTO TO KNOW THE WHOLE SITUATION.

THAT'S RIGHT! I THOUGHT WE WERE LUCKY THAT MIYABI'S NOT PART OF THE TEAM, BUT TRANS-PLANT SURGERIES ALWAYS HAVE 3 TO 4 ANESTHETISTS. .
ANAESTHETIST SUZUKI
ANAESTHETIST SATOU
WE HAVE 3 ANAES-THETISTS TODAY...
SUZUKI AND SATOU WILL COOPERATE WITH US
N-NOTHING
DAMN.
WHAT'S WRONG ?
?
MIYABI WAS JUST TEMPO-RARILY AWAY...
AH, EXCUSE ME, SUZUKI.
WELL... NOTHING
SO WHAT DID YOU WANT TO TELL ME?
I CAN'T TELL MIKOTO WHAT'S GOING ON WHILE MIYABI'S HERE

YOUR ANAESTHETIC RECORD IS SHORT BUT YOU HAVE A PROMISING FUTURE
WHY THE SUDDEN?
I'M ALSO TAKING PART TODAY.
ASSOCIATE DIRECTOR!
BROTHER!
AYAME, I'LL WATCH THE ANAESTHESIA.
THAT'D BE AN HONOR!
SO I THOUGHT I'D OCCASIONALLY PROVIDE YOU WITH MY GUIDANCE
NOW, LET'S BEGIN OUR PREPARATIONS
NO WORRIES FOR THE ANAESTHESIA NOW I DON'T THINK MIYABI WILL TAKE PART IN A MURDER, BUT THAT WOMAN COULD HAVE TRICKED HIM INTO IT
NICE MOVE, BRO!

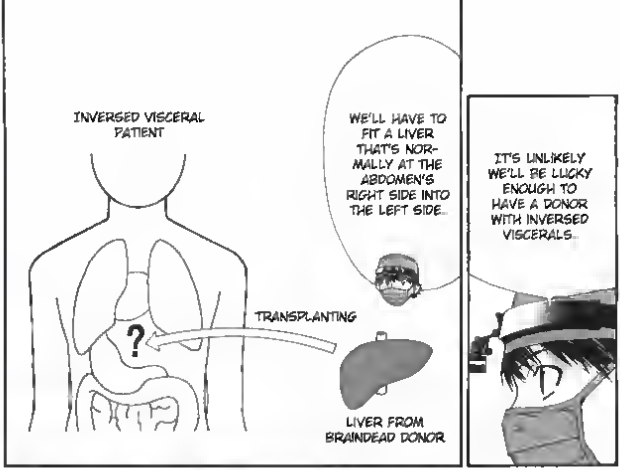
WHAT?
EXCUSE ME, MIKOTO.
IT'S BEST TO TRANSPLANT THE NEW LIVER ONCE IT ARRIVES, SO LET'S START WITH A LAPAROTOMY AND REMOVE THE BAD LIVER.



CURRENT DRAPE POSITION (TO THE PATIENT'S LEFT)
NORMAL DRAPE POSITION (TO THE PATIENT'S RIGHT)
THE DRAPE POSITION IS WEIRD. YOU USUALLY PLACE IT TO THE RIGHT SO IT WON'T HINDER YOU FROM ACCESSING THE LIVER.
AS SHOWN IN THE PICTURE, THE CURRENT DRAPE POSITION COVERS THE LIVER WHICH WILL FURTHER HINDER ITS ACCESS

I'VE BEEN EXPLAINING IT THIS WHOLE TIME, BUT YOU ALWAYS STOPPED LISTENING HALFWAY!
SO YOU WEREN'T LISTENING THIS ENTIRE TIME!
AW, COME ON!

O-OH, I SEE...
INVERTED VISCERAL POSITION
NORMAL VISCERAL POSITION
THIS KID HAS INVERTED VISCERALS IT MEANS THAT ALL HIS ORGANS ARE IN REVERSE POSITIONS
!!!
BUT WAIT,
I'VE HEARD LOTS OF COMPLAINTS ABOUT REVERSED SURGEON POSITIONS IN INVERTED VISCERAL SURGERIES COME ON, IF YOU JUST DO IT AS USUAL, NO PROBLEMS SHOULD-...
W-WELL, JUST BECAUSE THEY'RE INVERSED, IT DOESN'T CHANGE ANYTHING
THIS INVERSION WOULDN'T AFFECT ANYTHING IN A NORMAL SURGERY, BUT WE'RE DOING A TRANS-PLANT...
IT IS.
HEY, MIKOTO. THIS IS A TRANSPLANT SURGERY, ISN'T IT?



INVERSED VISCERAL PATIENT
?
TRANSPLANTING
LIVER FROM BRAINDEAD DONOR
WE'LL HAVE TO FIT A LIVER THAT'S NORMALLY AT THE ABDOMEN'S RIGHT SIDE INTO THE LEFT SIDE..
IT'S UNLIKELY WE'LL BE LUCKY ENOUGH TO HAVE A DONOR WITH INVERSED VISCERALS..

SAY WHAT?!
THERE'S EVEN A POSSIBILITY THE LIVER WE'LL GET WILL NEVER FIT INTO THE LEFT SIDE.
YEAH, IT'S A VERY RARE AND DIFFICULT CASE EVEN WORLDWIDE
BUT THEN, THAT MEANS YOU...
MOREOVER, HUMAN LIVER SIZES VARY FROM ONE TO ANOTHER.
